Dong Xiang, Senior Quantitative Modeler

Dong came to **Zillow** in 2005 as a senior quantitative modeler, where he helped develop the Zestimate algorithm. He also works on the data behind Zillow's Real Estate Market Reports, and helps calculate the quarterly negative equity figures. Before he came to **Zillow**, Dong worked at Expedia.com, where he developed models for a real-time fraud detection system for air and hotel purchases. He has also worked at SAS Institute. Dong received his Ph.D. and his Master Degree in statistics from the University of Wisconsin, Madison, and a Bachelor of Science in Statistics from Beijing University.
